To all of our friends and fellow fishermen,

Volume 23 of the Fisherman's Outfitter Catalog celebrates 23 years of providing you with friendly customer service, fast shipping and the highest quality products at competitive prices. For the past 34 years, Fisherman's Outfitter has grown to be a trusted name worldwide for your fishing tackle needs. We invite you to experience the Fisherman's Outfitter difference; whether you shop with us over the phone, online or at our Flagship retail store in historic Gloucester, Massachusetts.

New for 2023

Diamond Fishing Products has introduced their newly formulated **Illusion Fluorocarbon** leader material which can be viewed on page 22. Diamond's **Illusion Fluorocarbon** is sure to give you the competitive advantage when stealth and strength matter most and is available in all popular sizes from 20lb test up to 180lb test. Diamond's Illusion Fluorocarbon has all the qualities top captain's prefer and is sure to become one of your top choices for leader material!

Also new for our 2023 catalog is some exciting gear from **Tormenter Tackle**. For the past two seasons we have been selling their **19" Sidewinder Directional Spreader Bars and 7" + 9" Teaser Birds** with great success. Customers have been reporting huge success with Bluefin, Yellowfin and many other pelagic species. Their 19" Sidewinder Spreader Bars are designed to self-right in rough seas and have been a game change for improving smaller boat spreads. These products can be view on pages 48 and 49.

Fisherman's Outfitter Custom Gear

Fisherman's Outfitter offers an extensive selection of Custom Fishing Gear. Our Custom Fishing Rods are built by hand, in the United States, just for you. All Fisherman's Outfitter Custom Rods are built to last, many passed on from one generation to the next, they are sure to be the envy of your dock mates! Fisherman's Outfitter also offers the largest selection of custom Spreader Bars, Daisy Chains, Single Lures and more. All custom gear is assembled by us, in our shop and can be altered to fit your needs, just ask! All lures in this catalog can be custom rigged to your specifications.

Fisherman's Outfitter Service Department

At Fisherman's Outfitter, we know the importance of finely tuned equipment and the difference that can make when fighting potential world record-class fish. Confidence is paramount when big game fishing and you can be sure when your gear is serviced by Fisherman's Outfitter, it will be in top-notch shape. Fisherman's Outfitter is renowned for Rod and Reel repair and general maintenance. Top professionals around the globe choose Fisherman's Outfitter because failure is not an option! We work on Shimano, Accurate, Alutecnos, Okuma and Penn Reels, with most common replacement parts in stock. If you have any questions about our service, give us a call or send an email, we will answer you.

If you find yourself in the area, be sure to stop in to say hello!

~ Joe Curcuru, Owner

Elite Rods

The Elite Custom Rod series by Fisherman's Outfitter is absolutely the finest series of custom rods available on the market today – nothing even comes close in quality and workmanship. Our custom black and gold diamond wraps, end, and center checks will put you a step above your competition.

The **FOCE80BS** and the **FOCE130BS** are made with Calstar E Glass trolling blanks, which are the finest E Glass blanks in the world. The guides are Aftco's finest Big Foot guides with gold-sealed, ball bearing rollers. The butts are black and gold **Stora butts**, to make rod storage easier.

The **FOCE50-130** is made from a Calstar Baja Boomer E Glass blank, made with the same cosmetics as above, with black guides and gold rollers and an Aftco unibutt.

The **FOCE30-80** is made with a custom Baja Baby Boomer E Glass blank. Cosmetics, guides and butt same as 50-130.

RODS

Fisherman's Outfitter has been building custom big game rods for 30 years. Many of the top tournament captains and giant Bluefin tuna fishermen depend on these custom rods year after year. Built with superior quality and craftsmanship, these rods are built with E Glass blanks, AFTCO HD roller guides,

and new Aftco XSHD roller guides, and Aftco and Pac Bay aluminum butts. Our in-stock colors are burgundy under, black over with gold end and center checks; teal under, black over with gold end and center checks; and metallic blue under, black over with red end and center checks.

KEY ITEM	DESCRIPTION	WT	PRICE

VAPS70H	7' Custom Rod	20-50lb	\$399.99
VAPS70XH-TS	7' Custom Tuna Spin Rod	20-50lb	\$429.99

Our live bait spinning rods are made with Calstar and Seeker blanks, along with Fuji guides and Fuji reel seats. The conventional live bait rods are made with the finest E-glass on the market today. The Cod and Grouper jigging rod is made with heavy duty E-glass that we think is the best rod for this type of fishing.

70XH TUNA SPIN ROD

This rod is made with oversized fuji guides with alconite rings and a heavy duty DPSH Fuji reel seat. This is a great spinning rod for small to medium tuna and all other species that need a powerful rod to put them in the boat.

SPINNING REELS

The 3 reels below match very well with our custom spinning rods. With many sizes to choose from, we can help build your new favorite setup! View in detail on pages 18 and 19.

D, E

This tuna spin combo is a very powerful set up to catch large fish. Last year, 300-400 lb. fish were caught consistently with this combo. We use 65 lb. or 80 lb. Diamond Braid along with a mono Top Shot. A **Shimano Stella** 18000, 20000, or 30000 spinning reel is a very good choice to use with this specially designed rod.

The new **Shimano Stella** reels along with the 30-80 custom spinning rod is the absolute finest for any big game fishing. Check out all the specs of these reels on page 18.

SHIMANO®

SHIMANO ULTEGRA C14

SHIMANO ULTEGRA XTD

ROD & REEL COMBOS

The new Ultegra C14 and XTD models are the ultimate in surf casting reels. The super slow oscillation on the 14000 and slow oscillation on the 5500 creates perfect line lay and allows you to cast great lengths. With 41 inches of line retrieve, per crank, and max drag of 33-44 pounds, makes these reels a great choice for the surf caster. The Tiralejo rods below match up perfectly with these reels.

SHIMANO Terez Fishing Rods

Terez

The all new Shimano Terez Fishing Rods have received massive upgrades! Utilizing Spiral X and Hi-Power X Blank technologies, Shimano has created the lightest and most powerful rods ever built. Spiral X technology is a building process that enhances power, while Hi-Power X delivers sharp and quick rod control. Featuring EVA grips, custom Shimano Reel Seats (Heavy Duty Aluminum on conventional models) and matched with Fuji KW frame guides with Alconite rings, the Terez Rod Series are built to perfection.

All other models available upon request.

SHIMANO®

These flagship offshore popping and plugging rods utilize Spiral X and Hi-Power X blank construction. The new models have more powerful mid-sections than previous models and an improved cosmetic design. Shimano's patented Spiral X blank construction reduces blank twist which leads to longer more accurate casting. Less blank twist also makes it easier to pull on big fish and takes pressure off the angler. Hi-Power X leads to less ovalization and increased strength to protect from breakage. Spiral X combined with Hi-Power X provides a best-in-class strength-to-weight ratio.

KEY ITEM	DESCRIPTION	PRICE
SHIMANO OCEA PLUGGER FULL THROTTLE 2-PIECE RODS

SHIMANO ORCA LURES & ACCESSORIES

The Shimano TP-ORCA Plugs feature an aerodynamic design that allows for longer casts so you can actually reach that school of busting fish. TP-Orca Plug is a floating lure with a proprietary internal weight design. This gives the lure a side-to-side rolling

and diving action that mimics an injured baitfish on the surface. This lure is made with through-wire construction and high tensile strength hooks for maximum durability, perfect for hard fighting pelagics!

Available in 2 Sizes:

6-1/2", 2 oz. and 7-1/2", 3-1/8 oz.

SHIMANO BORONA TACKLE BAGS

The newly designed Shimano Borona Tackle Bag features sleek black rip-stop fabric, reinforced stitching and heavy-duty TPU zippers. The front-loading compartment provides storage for up to four 3700-size tackle trays. The Borona Tackle Bag also features side pockets for storing leader material and the underside of the allows anglers to carry as rt.

SHIMANO Reels

Shimano strives for technological excellence and this manufacturer has been a cutting-edge leader in the big game arena. The Shimano name means "total efficiency," a concept that represents the ultimate response to the two main challenges of sport fishing: casting and retrieving. Shimano trolling and bait-casting reels are incomparable.

SHIMANO®

TLD GRAPHITE

Powerful, light and durable, the Lever-drag TLDIIA reel offers 2 speed versatility, salt-resistant A-RB and all of the performance you can handle. The feature highlights of these 2 speed reels are: the ergonomic power handle, (for the 20 and 30 only), and the offset ergonomic power grip for the 50, only — along with an aluminum spool, graphite frame and graphite side plates.

TLDI50LRSA

TIAGRA 2-SPEED SERIES

The 2-speed Tiagra reels feature cold-forged aluminum spools as well as machined aluminum frames cut from solid aluminum pipe stock for incredibly strong, rigid frame with no flex. Fitted with 4-A-RB ball bearings, (6 in the 130 model), and treated with Shimano's Permalube, these bearings not

only last up to ten times longer than standard

bearings, but also provide the reel with unparalleled free spool

for quick drop backs and exceptional live bait presentation. The side plate screws are chrome-plated to resist corrosion in the harsh marine environment that anglers often encounter. All reels are equipped with offset ergonomic power handle that allows for natural hand, arm, and wrist movement. Constructed of Septon, the grip material, is not only soft to the touch, but also retains all gripping capabilities when wet.

TALICA 2 SPEED SERIES

Shimano Talica is the pinnacle of the small, 2-speed lever drag reel market. Designed from the ground up to be an excellent casting reel with an ultra-smooth and powerful drag system to handle long battles. These reels were purpose built to take advantage of modern braided lines and shorter fluorocarbon leaders. Talica Reels are available in sizes to tackle a variety of offshore fish from the football size tuna, to record setting class pelagic species.

CALCUTTA SERIES

The Shimano Calcutta series includes the best bait-casting reels in the world. These reels feature a one-piece, forged aluminum frame, SUPER STOPPER, clicker and Shimano's variable brake system.

Shimano's Calcutta 400 and 700 reels are available with a levelwind to guide the line evenly on the spool. If you enjoy more casting and retrieving of artificial lures, the Calcutta levelwind model is your best choice.

BEST SELLERS

TRINIDAD

The first time you catch a fish on the Trinidad, you'll be amazed at the combination of speed and power, and what that can mean in landing big fish. The new 6.2:1 speed, massive main gear and new power handle all work together to provide exceptional performance. If you want a reel with the power to grind on a tuna or get a big fish off the bottom, Trinidad is the right choice! The new Trinidad is lighter, smaller, and more compact. This is the best casting reel available.

BEST SELLER

BAITRUNNER SERIES

The Shimano Baitrunner provides a secondary drag system that allows an angler to feed out line in tension-controlled freespool with the bale closed. This enables the angler to feed the line out, let the fish take the bait and run, while still maintaining line control with the bale closed. The Baitrunner gives you the ultimate fishing advantage, whether you're dropping bait back to fish from your boat or working jetties for stripers.

A

STELLA SW SERIES

The new Stella SW from Shimano has once again raised the bar. Featuring a full metal HAGANE Body and cold-forged HAGANE Gears for longevity and ultimate smoothness. Coupled with Shimano's Infinity Drive Technology + SilentDrive, winding torque has been increased by up to 30%. Shimano's new Heatsink Drag System reduces spool temperatures by up to 100 degrees! X-Protect and X-Shield further protect

NEW

NEW

TESORO STAR DRAG REEL

The Tesoro Star Drag Reels pack their strength from 6061-T6 machined aluminum frames, side plates and spools. Featuring Okuma's MSS: Mechanical Stabilizing System for a zero-flex platform, keeping all key components aligned and running smoothly. With its 17-4 grade, self-lubricating, stainless steel helical cut gearing, and multi-disc Carbonite drag system bathed in Cal's drag grease, these reels run silent and smooth.

B

NEW

TESORO SPINNING REEL

The all new Tesoro Spinning Reels are constructed with Okuma's Alumilite body, side plate, and Cyclonic-Flow rotor for the ultimate strength and feature an IPX-7 full-body waterproof for ultimate protection. Featuring 12HPB + 1RB (corrosion-resistant stainless-steel bearing) drive, custom titanium spool shaft that reduces flex and weight, coupled with a carbonite high output Dual-Force Drag System with Cal's drag grease that puts out over 55-pounds of pure fish stopping drag.

NEW

DIAMOND ILLUSION FLUOROCARBON

The Diamond Illusion Fluorocarbon is a superb leader material with high abrasion resistance, low memory and ultra-low visibility. Diamond's Illusion Fluorocarbon is manufactured under strict tolerances and is sure to exceed your expectations. When stealth and strength matter, reach for Diamond Illusion Fluorocarbon!

DIAMOND BRAID GENERATION 3-8X SOLID

Diamond Braid Generation 3 Solid 8X is an eight-carrier solid braided line that has a silk-like finish and far superior to others on the market. New to the line-up is **Diamond Yard Line**, a multi-colored braided line that changes colors every 20 feet (5 colors) for precise depth acquisition. Perfect for trolling and jigging where precise depth is a must.

B

DIAMOND BRAID Hollow Core Gen. 3

DIAMOND BRAID HOLLOW CORE GEN. 3

This new hollow core product is #1 in quality, strength, and is the easiest to splice compared to any other hollow core product. No other hollow core product comes close to the quality and price of the Generation 3 Hollow Core.

DIAMOND PRODUCTS

DIAMOND HI-CATCH

Diamond Hi-Catch Line is the **ONLY** choice for extreme conditions. With superior abrasion resistance and exceptional tensile and knot strength, it clearly outperforms the competition. Our experience shows 130-lb. Diamond Line breaks at 244 lbs, and 200-lb. line breaks consistently at 300 lbs.! This year we've added hi visibility yellow to the clear and blue lines, in a full range of weights and lengths.

Available in Brilliant Blue, Clear, and High Vis Yellow.

***200 lb. only available in Brilliant Blue and Clear.**

Please specify color when ordering.

DIAMOND 100 YARD TOP SHOTS

These **100 Yard Top Shots** come with a spliced loop and are packaged onto a compact spool. A quick Loop-to-Loop connection to your backing and in less than 2 minutes, you're back in the water!

DIAMOND 150 YARD SWORDFISH WIND-ON LEADERS

These 150 Foot Wind-on Leaders are specifically designed to target swordfish. The Swordfish Wind-ons feature a spliced loop for connecting to your braid backing and come with a flossed loop to attach weight. Perfect for daytime deep-dropping!

MOMOI

DIAMOND FISHING PRODUCTS WIND-ON LEADERS

The big advantage with these leaders is there's no need to use a swivel, plus the leader can be as long as you want. Guaranteed not to pull apart under any circumstances, these leaders let you bring the fish under control without the help of a wireman.

MOMOI HI-CATCH NYLON MONOFILAMENT

Momoi Hi-Catch Monofilament Line is an extremely high quality monofilament produced using strict quality controls. It exhibits very low memory characteristics and is very soft and flexible while maintaining a high tensile strength to diameter ratio. Smaller diameter lines with high tensile strength result in larger reel capacity, more abrasion resistance and superior knot strength.

MOMOI IGFA MONO

Momoi Hi-Catch IGFA Monofilament is the preferred line for fishing in IGFA regulated tournaments or if you trying for your own IGFA certified record!

MOMOI HI CATCH

2 lb. spools come in smoke blue, clear, and hi-vis yellow. Momoi IGFA comes in hi-vis yellow and light blue. Please specify color when ordering.

CUSTOM FLUOROCARBON LEADERS

Our fluorocarbon leaders are 10 feet long and made with 300 lb. bullet swivels with either Gamakatsu Live Bait hooks, or Owner Super Mutu hooks. We take great care in crimping these leaders to make sure that you land what you hook. A lot of customers ask for these leaders because they don't like to crimp the sleeves. We take the guess work out of it. We can make any special size leader that you'd like. Just ask!

FREE SHIPPING on all orders - except for oversized items

TERMINAL TACKLE

Terminal tackle is one of the most important components of your fishing gear. Choosing the correct sleeves for the appropriate line is key to your success. * Be sure to use Momoi Sleeves with Momoi Line.

Fisherman's Outfitter carries a full supply of sleeves for Momoi High Catch Mono and Diamond Line. It is very important that you use the correct size sleeve with the mono you are using. If you have any questions, please ask us and we'll make sure you get the correct size sleeves.

Sleeves are made from a special aluminum alloy that is easy to crimp and resists electro-corrosion in saltwater. The soft metal and oval shape work together to provide a permanent crimp without compromising line strength.

Loop protectors are highly flexible, vinyl-coated springs that slide over monofilament line to provide superior abrasion protection. Loop protectors slide smoothly and may be cut to shorter lengths as desired to create any loop size.

AMERICAN FISHING WIRE

This good-quality stainless steel wire, with tobacco-colored finish, is used primarily with mackerel hook baits and daisy chains.

AMERICAN FISHING WIRE

This 49-strand wire is ideal for making mousetraps and shark leaders.

DACRON

Fisherman's Outfitter dacron is high bulk and the most abrasion-resistant dacron on the market. The high bulk allows for easy splicing of mono to dacron using the Chinese finger method. The high vis color has become popular over the past couple of years because it is easy to see and follow both in and out of the water.

LINE AND LEADER

Every successful offshore fisherman knows that it's important to use high-quality mono and wire so you don't lose your fish. These lines, along with Fisherman's Outfitter's own custom dacron, are the best in the world.

MUSTAD HOOKS

THE MUSTAD DEMON PERFECT OFFSET CIRCLE HOOKS are very popular with tuna fishermen for chunking and fishing with live bait. The micro-sharp, chemically sharpened points result in better hook-up ratios and the 4X strength ensures they stay put. 8/0 and 9/0 are the most popular for targeting Giant Bluefin tuna. Specify Size when ordering.

FATHOM OFFSHORE

Fathom Offshore accessories are a great addition to our product line. The stainless trolling hooks have become the go-to hook for the serious offshore angler.

The hooksets are built with 49 strand 7x7 aircraft cable, ranging from 480 to 920 lb. This is the absolute strongest connection for all of your trolling lures. Rubber bands, chafe tube, shrink wrap and hookset locks are all you will need when rigging your trolling lures.

SLUGGO BARS

Sluggo spreader bars have become very popular trolling for tuna. The bar creates great action in the water and work so well because of the amount of sand eels that are in the upper part of the water column. We can rig these any way that you want. The Fisherman's Outfitter single Sluggo Bar is the same as "A", only with a bird at the top.

TORMENTER SIDEWINDER DIRECTIONAL BARS

NEW

These 19" wide spreader bars come with a 7" Center Bird with a durable, fixed 5mm Lexan Directional Fin. These unique spreader bars are designed to pull themselves away from the side of your boat (either port or starboard), eliminating the need for outriggers or freeing them up for more baits in your spread. Side-Running spreader bars have become quite the rage over the past few seasons and Tormenter's Sidwinder has become a favorite among east coast and west coast fishermen. Tormenter Sidwinder spreader bars are uniquely rigged to "self-right" themselves in rough water. These bars feature 9 x 9" squid teasers and detachable fully rigged double skirted stingers. **COMES WITH FREE LURE BAG!**

TITANIUM BIRD & Spreader Bars

MOST POPULAR SPREADER

ALL OF THESE SPREADER BARS

were used extensively in 2022 by Fisherman's Outfitter and selected captains on the east coast. These spreader bars prove to be very effective trolling at speeds 6-8 knots. The two chewy-hoo spreader bars (A & B) have been working great, especially where bally-hoo or half beaks are found. These bars are great for big eye, yellow fin, blue fin tuna, dorado, sailfish and marlin.

BARS FOR CATCHING TUNA!

#1 BAR FOR CANYON FISHING

36" GREEN MACHINE BIRD BAR

This spreader bar can be trolled from 8-10 knots. This bar produces yellow fin and blue fin on a consistent basis. This Green Machine bar can also be made with rainbow machines and black diamond machines, which are letters J and K.

ILAND LURE CHEWY-HOO

Hook baits for the Chewy-hoo spreader bars, A-B.

MINI MACHINES are very good lures to use as daisy chains, single rigged, or rigged with ballyhoo. All single lures can be custom rigged.

FREE SHIPPING on all orders - except for oversized items

FISHERMAN'S OUTFITTER Custom Daisy Chains

BEST SELLERS

THE NEW CUSTOM OUTFITTER BIRD DAISY CHAINS are a very popular lure that is used world wide. The 13" bird daisy chains are made with a 13" bird and 13" squids. The 7" bird daisy chains are made with 7" birds and 9" squids. These daisy chains create lots of commotion in the water and will attract fish all day long.

**VERY PRODUCTIVE LURE FOR TUNA,
MAHI & WAHOO**

FISHERMAN'S OUTFITTER Custom Lures

These Fisherman's Outfitter Custom Wahoo Lures (A-F) come in 10 oz. and 20 oz., and are rigged with double quick rig hooks. These lures are also good when trolling for mako or thresher sharks. Capt. Don Tewksbury along with F.O. owner John White used these lures extensively in the Bahamas and off the coast of south Florida, and found these to be the most productive of all wahoo lures.

PLAY ACTION BRAID PRODUCTS

Play Action makes the best teasers available today, bar none! Careful attention to appearance, action, durability and attractiveness to the fish all impact design and manufacturing of these products. At 20", the Big Kahuna is the "grand master" teaser for all big game fish, producing a rattle loud enough to draw fish from extreme depths. Bowling Pins are designed to move erratically side-to-side at a depth of 1' to 3' below the surface, while the Flock of Birds flutter on the surface like fleeing bait fish.

A **NEW**

SHIMANO BARAJA TACKLE BINDERS

The new and improved Baraja Tackle Binders are constructed with premium rip-stop fabric and sturdy, corrosion-resistant zippers. Designed to organize soft plastics, the Baraja Tackle Binders are great for so much more! Offshore anglers find these as a great solution to

keep leaders and other rigs neat and organized. The inside, zippered pocket can accommodate several packs of crimps, swivels and hooks, making this a tidy little rigging kit you can take on and off the boat easily.

SHIMANO®

A lutecnos's fishing equipment, along with their line of reels, have become some of the best fishing products in the world. The belts and harnesses are becoming very popular because of their light weight and comfortability.

DIAMOND FISHING PRODUCTS HOLLOW-CORE BRAID

Hollow-core Braid is used in some of the most demanding fisheries in saltwater.

Diamond Fishing Products' Generation 3 Hollow-Core Braid uses state-of-art, 16 carrier construction to produce a smaller diameter, super strong, and perfectly round line that increases reel capacity and is extremely easy to splice, all at a fraction of the traditional hollow-core cost.

Diamond Fishing Products' Generation 3 Hollow-core braid is available in 30lb, 40lb, 60lb, 100lb, 130lb, 150lb & 200lb test. It is also available in 4 colorfast colors: Offshore Blue, Pure White, Hunter Orange, and our new Yard Line Trolling Series Blue/Gray.
